

Al Austin II
City Council, CD 8
Age: 47

As your Councilmember, I helped facilitate millions of dollars in private investment in **retail development** and quality **housing** for our district. Our **parks** have received needed upgrades; hundreds of new **trees** have been planted, and we have repaired **sidewalks** and **streets** throughout the district.

I secured funding for the Be S.A.F.E. summer parks program, benefiting thousands of youth and families citywide. Our neighbors are more connected to the city because of our commitment to **consistent communication** and meaningful civic engagement.

I worked to make “Beach Streets” a success and grow Bixby Knolls’ First Fridays. We established the Uptown Business District in the North Village, which continues an economic renaissance along Atlantic Avenue. New quality businesses now line our corridors throughout the district, with more on the way.

In my second term, I’ll continue to focus on fixing our streets and creating quality jobs for Long Beach. Improving public safety and defending the **Airport Noise Compatibility Ordinance** will remain a priority.

I’m proud to have the support of Congressmembers Janice Hahn and Alan Lowenthal, Mayor Robert Garcia, Supervisor Don Knabe, Assembly Speaker Anthony Rendon, and Long Beach Police Officers and Firefighters.

On **April 12th, Re-elect Al Austin** for City Council.
